About Us

Volunteers of America Northern California and Northern Nevada (VOA NCNN) has been serving those in need since 1911. Our mission is to provide services that instill hope, increase self-worth and facilitate independence through quality housing, employment, and supportive services.

We provide services to people struggling with multiple barriers to independence such as poverty, homelessness, mental illness, substance abuse, and trauma history. We serve children of all ages and genders, low-income seniors, veterans, individual adults, and former foster youth. Connecting clients with mainstream resources and assisting them to attain stable housing are priorities in every program that VOA operates.
